Sally Hansen

Hope you enjoy the 6 colors inside and that at least one of them is just right for you. Sally Hansen's Complete Salon Manicure is an all-in-one polish you can apply without a base or top coat. It's wide curved brush makes it easy to apply without being a master of ambidexterity. The palette was inspired by childhood memories from the late 80's & early 90's (the slight pearlescent finish on the family Dodge Aries to the contrast of highly saturated spandex aerobics gear) hence the explosion of colors and the off kilter lime shade *Slime Scene.* From naming the colors, to shooting the images, to developing this clear vinyl purse (inspired by the iconic clear coinpurse) I worked with my near and dear friends. Lastly - I wanted this gift to have reusable packaging so I encourage you to use this clear tote as a purse. And the giant paper clip as a barrette or a keychain ;)

<3 Madeline

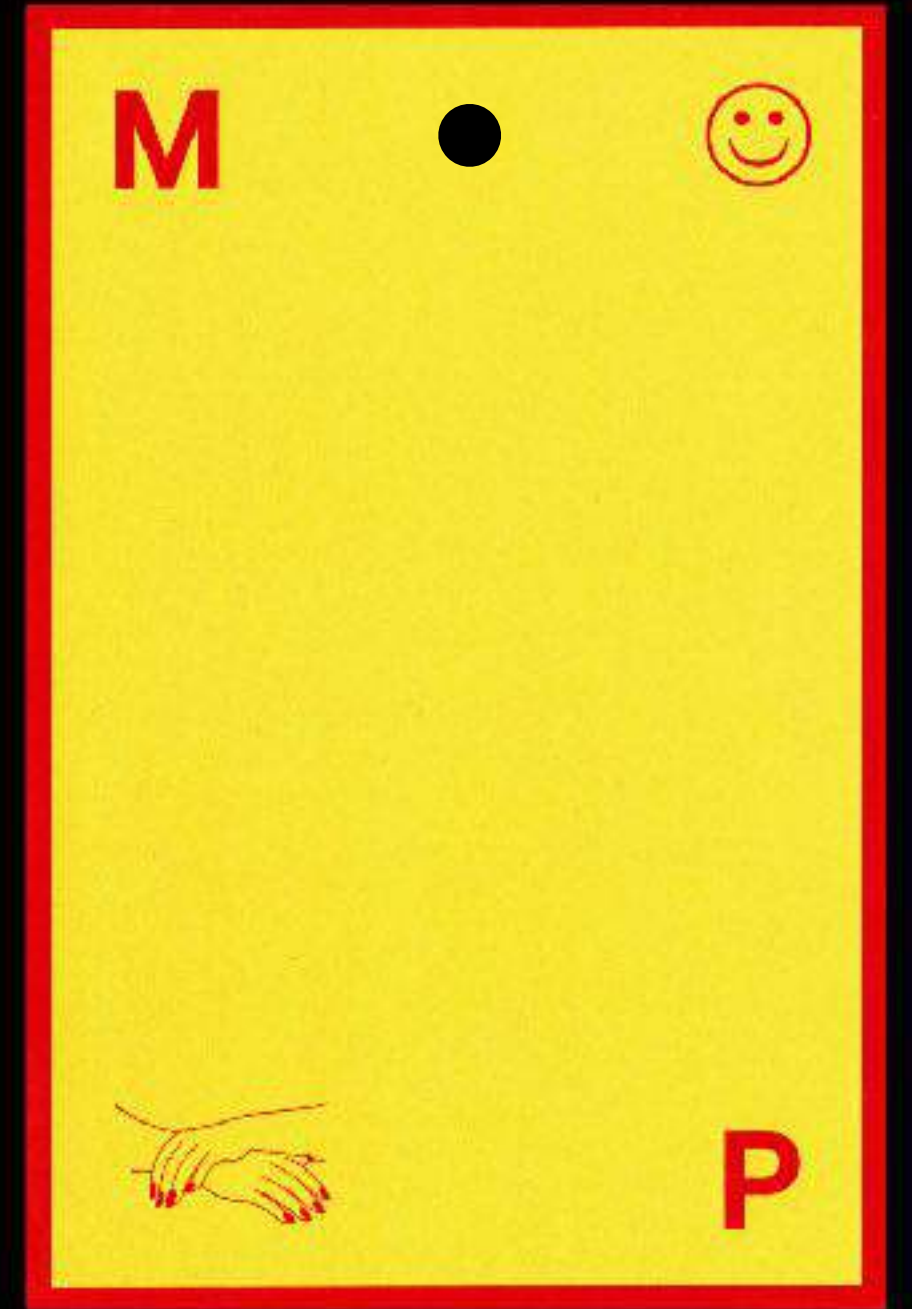

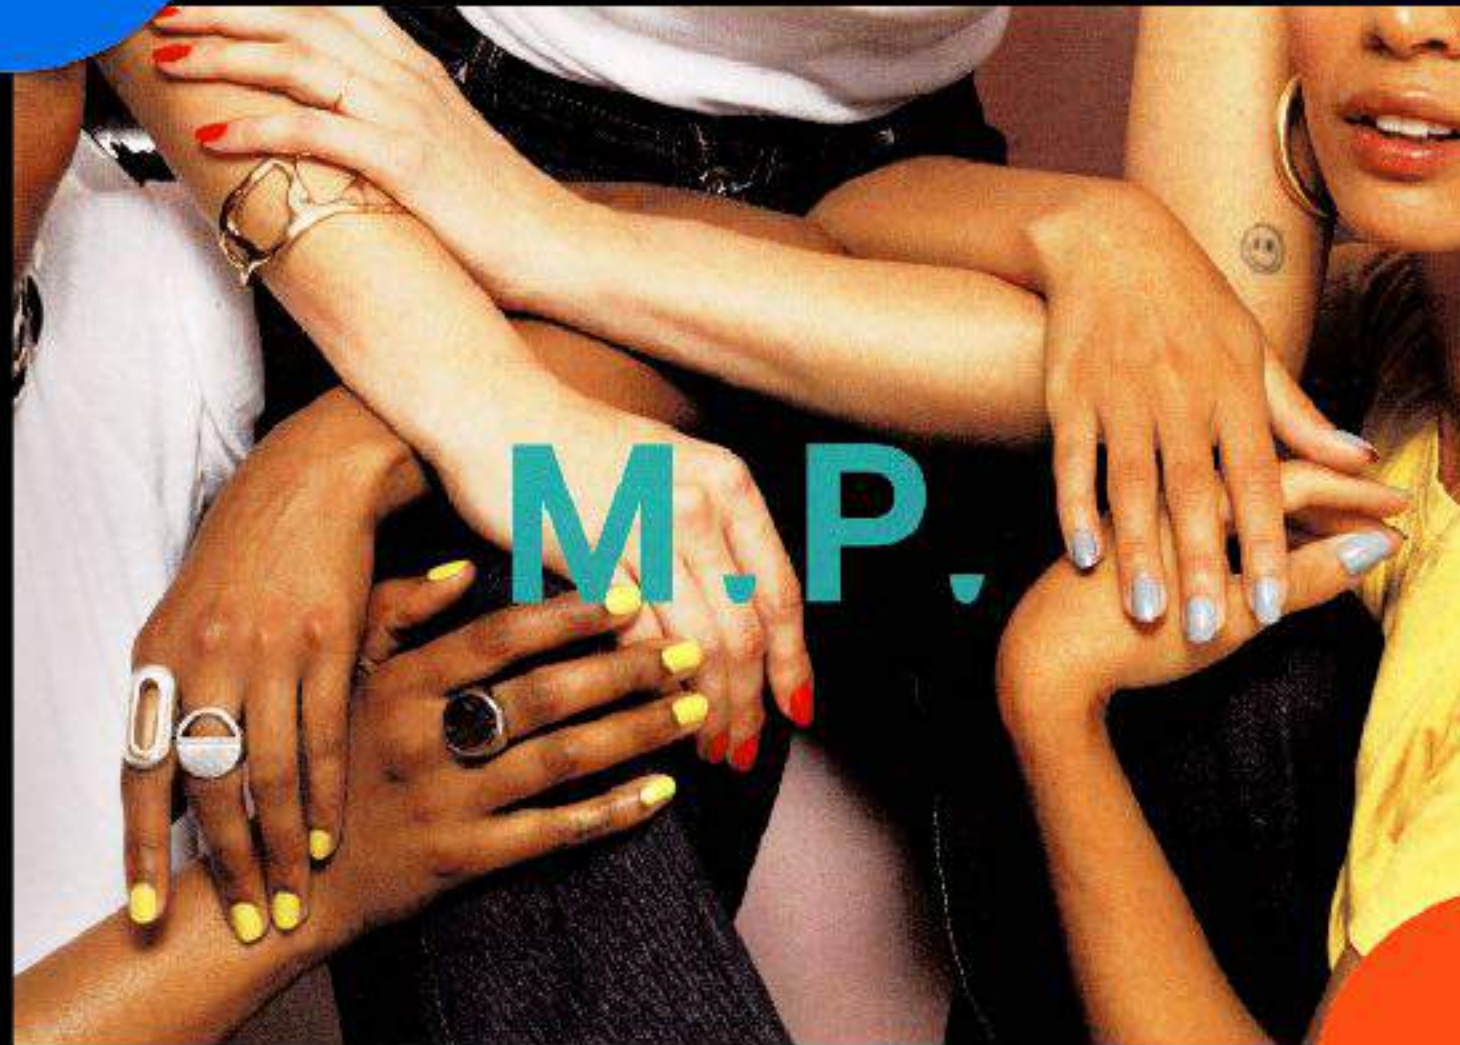

Thank you to everyone who made this come to life - The Sally Hansen Team, Bridget Flaherty, Katrina Dalton, Nick Sethi, Coco Baudelle, Alexis Colby, Carlotta Kohl, Ada Yeung, Vishvam Velandy, Emi Kaneko, Loric Sih & Grace Ladoja.
